Manish Giri (Backend Developer)

Mob No : - 7383186491, Email : - mg7623136@gmail.com
LinkedIn : - www.linkedin.com/in/manish-giri-615382285

EDUCATION

Bachelor of Science (Computer Science)
Narmada College of Science And Commerce (2024)
-Major in Java

Higher Secondary(12th)
V-Care International School (2021)

Second Secondary(10th)
Chirag Vidhaya Sankul (2019)

SKILL

Core Java	Database Management System (DBMS)	OOPs
Advance Java	BOOTSTRAP	Back-End Development
MySQL		

SUMMARY

Results-driven recent graduate with a strong foundation in Java programming and backend development concepts. Passionate about designing and developing scalable software applications using modern Java frameworks. Quick learner with exceptional problem-solving skills and a proactive attitude towards continuous learning and skill enhancement. Seeking a challenging role to kick-start a career in Java software development.

Project :-

-Online Shopping Platform

- **Technologies Used:** Java, JSP, MySQL, JDBC, HTML, Bootstrap
- **Objective:** Developed a comprehensive online shopping platform aimed at facilitating a user-friendly e-commerce experience. The project provided an interactive marketplace allowing users to browse, select, and purchase products efficiently.
- **Key Features:**
    - User authentication with secure registration and login.
    - Shopping cart functionality allowing easy management of product selections.

- o Seamless checkout process with payment gateway integration.

-PhoneBook

- **Technologies Used:** Java, JSP,Servlet, MySQL, JDBC, HTML, Bootstrap
- **Objective:** To provide users with a simple and efficient way to store, retrieve, update, and delete contact information, including names, phone numbers, email addresses, and additional notes.
- **Key Features: Add Contact**:

  - o Allow users to add new contacts with details such as name, phone number, email address, and any additional information (e.g., address, notes).
  - o Enable users to modify existing contact details, ensuring changes can be saved in the database or file storage.
